SUBJECT.

Building grant for the extension of the premises of Srinivasa Anjuman Charities.

W D 1250—GPB—30.000 28-1-19

Note.

GOVERNMENT OF MYSORE

The grant-in-aid of the Srinivasa Mandiram Reading Room & Library was raised from Rs 10 to Rs 25 per month in November 1893 (vide extract from Vol of printed monthly Progs. attached).

No other reference is available.

The Reading Room and Library gets a combined Govt. (Educational) and a municipal grant of Rs 600 a year. accg to the Annual Educational Reports. Hence the municipal grant is Rs 300 a year or Rs 25/- per month.

Mr. Gopalacharlu now requests that the present Govt grant may be raised or a liberal donation made, and that a building grant for the extension of the premises may be sanctioned.

Note

Mr. Gopalacharalu, Manager of the Sreenivasa Mandiram Institution, in his petition dated 29th July 1900, applied for two things

1) The increase of the present monthly grant
2) A Building grant

His petition was forwarded to the D. G. L. for disposal. We do not know what he has done with it. But he included Rs 10 as increase of monthly grant for the Mandiram in the State Fund Budget Estimate for 1900-1901 which was passed Recently.

Now he recommends a building grant of Rs 2400. Subd. 24/8/00

The present building of the Srinivasa mandiram Free Reading Room and Library, Bangalore, consists of "a long narrow room" "built, as Mr. Gopalacharlu (the manager) states, at "a cost of Rs 3000". No grant-in-aid was sanctioned by Govt towards the cost of this building.

Mr. Gopalacharlu with a view to extend the building and build an upper storey at a cost of Rs 4233, applied to the D. Gl of Edn. for a grant-in-aid equal to ⅓ of the total cost of the entire building (allowable under the Rules) ie ⅓ of (3000 (the cost of the Existing building) + 4233 (the probable cost of the proposed improvement) = 2400 (in round figures), Mr. Gopala-charlu's idea being to meet the cost of the proposed improvement by the grant (Rs 2400) to be obtained from Govt. and by the amount (1833) to be raised from the General Public by means of Contributions.

The D. Gl. in his letter No. 1667-8/83 d: 18th August 1900, recommended that the ~~amount of~~ grant of Rs 2400 applied for by

by Mr. Gopalacharlu "be promised to him provided the balance of Rs 1833 required for the proposed Extension is Contributed by the General Public" and added that "the Govt grant need not be paid until the public Contribution is actually received."

The I.G's letter was submitted to the 2nd. Councillor with the following remarks of the Secretary:—

"This Institution seems to deserve a building grant."

The Councillor passed the following remarks:—

"I dont know if in our present financial ~~pressure~~ condition we should be justified in giving the grant."

The file was submitted to the Officiating Dewan and he passed the following orders:—

"I agree – but if the grant recommended can be met out of the provision already existing in the current years' sanctioned Budget, it may be approved. ask the I.G. if this can be done."

The I.G. was asked accordingly in this office Docket No. $\frac{4988}{Ed\ 182}$ d. 10th. Instant and the present communication is in reply to the above. In it the I.G. states:—

That Mr. Gopalacharlu wants only an assurance that the

9

the proposed grant will be paid to himby Govt;

That, as he has yet to make up the remainder of the amount required for the building by collecting subscriptions, it will probably take more than a year before he will claim the grant;

and that, if he applies for the grant in course of time, it may be provided in the budget of 1901-1902.

In my humble
opinion it seems
premature to ask
Govt. to commit
themselves to any
promise now. The
balance to be collected

from the public is
nearly Rs. 2000/. and
when this is realized
it will be time enough
to move the Govt. for a
building grant. The
case would of course
be different if the offices &
institutions were located
for the grant of a third
of the cost actually incurred
abroad, on the building.
What is asked for is a
Govt. contribution on the
past & future probable
expenditure on the work.

The orders referred to above were communicated to the Manager, Srinivasa Mandiram Reading Room and Library, in this office No. 8892/ED 190 d: 10th Decr: 1901 and he was requested to address Govt again in the matter of Building grant for the Mandiram through the D.G. of Edn. in Mysore with information as to "what extent "private charity has been "vigorously and successfully "appealed to and what is "definitely required of Govt "in this matter and on what grounds".

(* Also 11 of the file)

Involving public aid

2) He states in reply that any attempt for

invoking public aid
would not succeed as the
Mandiram is already
dependent on that source
to the extent of 875 Rs odd
every year. It is with this
amount that the daily work of the Institution
is kept going.

2. What is definitely
required of Govt.

Mr. Gopalachariar does not
want a building grant but
he only presses his prayer for
making over to the Mandiram
the house or house-site already
sanctioned in favour of the
Mandiram long ago in the
Mazrai Deptt.

A Notification for acquiring
the house (south of the Mandiram)
in question has been issued and
it appears that the Deputy
Commissioner also settled
the amount of Compensation
that should be awarded.

Mr. Gopalachariar states
that if the site is made over

17

of the Mandiram,
start a subscription list
to collect some funds for the
purpose of building a
proper construction for the
location of the orphans.

3. The grounds on which
the request is made:

Govt are pleased to grant
sites for building ~~&~~ schools,
Memorial churches and
Temples etc. The Mandiram
is one ~~of such~~ which ~~deserve~~
claims some special consider
-ation at the hands of Govt.

Mr. Gopalachariu cites two
instances in which liberal
~~sites~~ concessions are shown to charities of
~~have been granted~~ a
public kind:—
(1) The London Mission school
is given a play ground.
(2) The Boarding Institute has
been helped very largely.

To

SIR,

I have the honour to inform you that Mr A. Gopalacharlu, Manager of the Srini vas Mandiram Free Reading Room and Library, Bangalore represents that the present building of the Reading Room and Library is too small for the requirements of the institution. I visited the Institution lately and found the Reading Room and Library in a long, narrow room built, as Mr Gopalachar -lu states, at a cost of Rs 3,000/- towards which he received no building grant

from Government. He now proposes to extend the room and build an upper storey at a cost of Rs 4,233. The entire building will thus cost Rs 7,233. Mr Gopalacharlu now applies for a building grant of one third of the total cost or Rs 2400. The free Reading Room and Library is in a sense an educational institution for the use of the general public. I recommend that a building grant of Rs 2,400/- may be promised to Mr Gopalacharlu provided the balance of Rs 1,833 required for the proposed extension is contributed by the general public. The Government grant need not be paid until the public contribution is actually received by Mr Gopalacharlu.

SIR,

With reference to your docket-No 8892 dated 10th December 1901 to Mr. A Ed 20 190 Gopalacharlu, Manager of the Srinivasa Mandiram and to the application of the latter to the Inspector General dated 7th March 1902, I have the honour to inform you that Mr. Gopalacharlu applies not for a building grant from the Education Department for the Mandiram Orphanage but for a grant of Rs 2000 from the Nowzrai Funds for the acquisition of a house to the South of the Mandiram which was viewed with favour by Government

39X

in 1898 when they ordered its acquisition under the Land Acquisition Act on the recommendation of the late Nowrai Secretary. The Mandvi Charities are more of a religious than an educational character, and from what I know of them they have served much useful purpose in the maintenance and education of orphans. As the Mandvi buildings have cost a large sum chiefly provided from public subscriptions, the request of the Manager for a grant of Rs 2000 from the Nowrai Surplus Funds for the acquisition of the neighbouring house is one that I strongly recommend for the favourable consideration of Government.
